President's Message

Dear Colleagues,

In today's world everywhere we find a Great Competition. The Economies – Education – Commerce and Trade – Politics - Information Technology – Science – Medicine – Health – Law – Sports – Professions – Academic fields – Infrastructure and Constructional developments – even Religious preaching are seen highly competitive.

Through all these competitions, Human Being is longing for Inner Happiness. It is not only the material 'well-being'. The Human Being, with all his complex Biological functions, with all his cognitive, affective and conative mental processes which are functioned by the amazing cultures (centres) of the brain, the 'Individual' as well as the 'Society', is striving to attain 'Inner Happiness'.

There is an enormous gap between the 'privileged' and the 'less privileged', the 'developed' and the 'under-developed', the 'high luxury lives' and the 'poorest of the poor'-'haves' and 'havenots' – 'powerful' and the helpless of the helpless'. A thought was emerged:

WITHER THE HUMAN RACE?

Let us all get together and have a dialogue - search – re-search – investigate to find out the underlying binding forces of 'UNIVERSALITY' of Humanity?

'SPIRITUALITY' is a well accepted MAJOR THEMATIC TERM that brings all of us together. Yes, all to the same floor.

The Conference focuses on International, Inter-disciplinary, Inter-academic, Inter-professional approach to address across life span searching for 'Inner Happiness' 'Inner Healing' or Higher Mental Process called 'Spirituality' as an Advancement of Humanity.

This Conference will contribute the Human Race a hope for the future. It will also serve as a ground-channel of meeting all fields of disciplines (e.g.: psychology – medicine – law – Commerce & Trade – Banking & Finance – Construction and Development – Political and Policy Making – Information Technology & Media - different Academics - Professionals - Socio-Religious Dignitaries etc.

You are welcome to accept our very sincere invitation.

The Conference will be so Educational, Informative and enriching with Global Knowledge which enhances International understanding with 'love' and 'kindness'.

Scientific and academic sessions will give immense benefits to participants through the vast knowledge of outstanding International Academics and Professionals.

This conference will be a Global Force to open eyes of all Nations towards experiencing 'Inner Happiness' for the betterment of Human Family.

With Great Wishes for the Year 2011 and throughout!

Dr.H.R.S Keerthisinghe, PhD
